#AEB8B4

CLOUD

Mist slate

The network of specialists, pulled in on demand. Used sparingly — dividers, background tints, network/node graphics.

#1C1B1A

MIND

Warm ink

Strategy, diagnosis, psychology-led thinking. Headlines and diagnostic copy blocks. Where Sage lives.

#D6553A

SOCIAL

Clay coral

Human connection, execution, credible presence. CTAs, specialist names/avatars, relationship touchpoints.

#C98A2E

SOCIAL — ROTATION

Deep ochre

Second accent in the Social family, for content-pillar rotation across a real posting calendar without adding an unrelated fourth color.

WARM CREAM — #F7F2EA

Shared base — not tied to one pillar. The page all three ideas sit on.

Typeface system

DISPLAY / HEADLINE

Typeface: **Fraunces** · Weights used: 500 (Medium), 600 (SemiBold) · Style: Regular + Italic

Diagnosis before *prescription.*

Used for hero headlines and section titles. The italic cut carries the brand's single decorative flourish — reserve it for one emphasized phrase per composition, not full sentences.

BODY

Typeface: **Inter** · Weights used: 400 (Regular), 500 (Medium)

We look at what a business actually needs before recommending anything — then bring in the specific specialists to do that, and nothing else.

Inter Regular 400 Inter Medium 500

LABELS / NAVIGATION / MICRO-COPY

Typeface: **Space Mono** · Weights used: 400 (Regular), 700 (Bold) · Treatment: uppercase, tracked out
